

Fast, easy ordering available 24/7

at WedgewoodPharmacy.com

Whether you're placing an office order or writing a patient prescription, WedgewoodPharmacy.com allows you to quickly order what you need, when you need it. The secure digital ordering tool is responsive – so it works on any device. Best of all – we partnered with veterinarians to design the tool, so it's loaded with helpful features.

Office Orders:

- Easily search the formulary for the medication, strength and dosage form you need
- Quick re-order from your order history
- Ordering shortcuts to a list of 'My Favorites' YOU control
- View standard quantity pricing

Pro Tip:

Save your practice time (*and a stamp*) by paying your invoices electronically!

Prescriptions:

- View and order from patient history
- Submit multiple Rxes with one checkout process
- Several billing and shipping options
- Add and manage client profiles

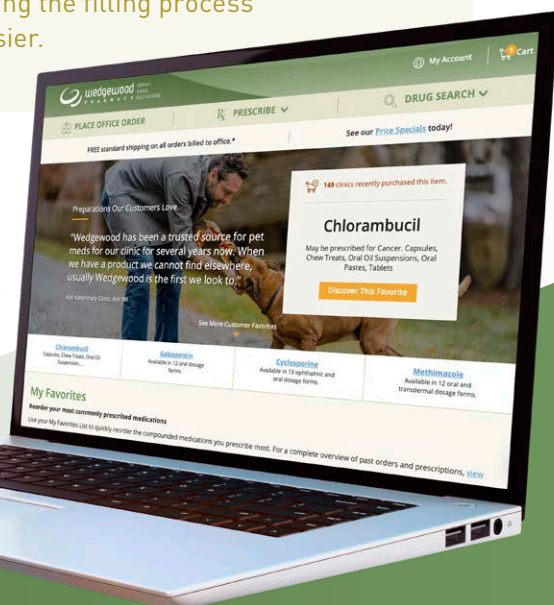

Pro Tip:

Including client email address on prescriptions allows us to send an email as soon as the prescription has been approved, making the filling process quicker and easier.

ORDER NOW!

If you don't have an ordering account, you can create one in just minutes and gain instant access to the site. PLUS, you'll automatically receive **FREE Overnight Shipping** on your first digital order or prescription billed to your office!

Digital ordering also available on [Vetsource™](http://Vetsource.com) and [Vetcove!](http://Vetcove.com)

Personalized service from your dedicated Account Management Team
